L3: Entry 74 of 78

File: USPT

Oct 11, 1994

US-PAT-NO: 5354854

DOCUMENT-IDENTIFIER: US 5354854 A

TITLE: Expression system for use in plants to suppress foreign expression and method

DATE-ISSUED: October 11, 1994

INVENTOR- INFORMATION:

NAME	CITY	STATE	ZIP CODE	COUNTRY
Bourque; June E.	Columbia	MO	N/A	N/A
Folk; William R.	Columbia	MO	N/A	N/A

ASSIGNEE INFORMATION:

ABSTRACT:

An expression system and method for using the same in plants to suppress gene expression, the system including a constitutive promoter element from a tRNA gene and an antisense strand DNA fused to the promoter element for being co-transcribed with the promoter element by an RNA polymerase III to suppress expression of a gene.
